For Immediate Release

**Livengrin Foundation Designated an
Aetna Institute of Quality®**

Bensalem, PA (January 4, 2018) Livengrin Foundation has been designated an

- Aetna Institute of Quality® for Behavioral Health —Substance Abuse.

Aetna makes information about the quality and cost of health care services available to its members to help them make informed decisions about their health care needs. In line with this goal, Aetna recognizes facilities in its network that offer specialized clinical services for certain health conditions. Facilities are selected for exemplifying:

- Excellence in care
- Commitment to continuous improvement
- Meeting certain standards of quality
- Cost efficiency

Aetna recognizes facilities that have earned this designation by identifying them in the directory as an Institute of Quality provider. This designation helps members choose consistent high quality care.

“Livengrin has invested heavily into both the quality of our treatment experience and our ability to measure our results. Aetna’s IOQ designation validates these efforts,” said Sue Bright, Livengrin V.P. for Quality and Patient Experience. Continued Bright, “We are thrilled to work in close partnership with Aetna to ensure our mutual stake holders get the best possible treatment.” This reaffirms Livengrin’s commitment to providing not only its patients, but also their families, community, employers, and insurers a high quality, effective, full service yet affordable recovery solution.

About Livengrin

Over the past 50 years, Livengrin, a mission-based nonprofit organization, has emerged as one of the Philadelphia regions’ most trusted addiction treatment providers. Our 119-bed, 44-acre campus in Bucks County houses the region’s newest medical detox center, and four modern residential living facilities. Livengrin also offers outpatient programming at seven conveniently located regional counseling centers.
